Mexican Central Protective Plans

The Protective Committee of the holders of Mexican Central income bonds, composed of E. Rollins Morse, W. L. Bull, and H. Rieman Duval, which called yesterday for the deposit of bonds, is not yet prepared to give any definite statement as to its plans. It was explained by a member of the committee that the object was simply to secure for the bondholders their rights, whatever they may prove to be. The committee is not opposed to a readjustment as such, but desires to secure more acceptable terms for the income bondholders.
