

Chicago, Milwaukee & St. Paul Railway Company

OF WASHINGTON.

OFFICE OF THE PRESIDENT.

SEATTLE, September 4th, 1908. L

Mr. Kenneth Ross,
c/o Big Blackfoot Milling Co.,
Bonner, Montana.

Dear Sir:

It looks as if we might have some trouble in acquiring from the Northern Pacific the two miles of frontage which they own and which we need for our Fish Creek dam project, and if you will hold it open for us, would like to defer the closing for the Ross-McLeod, Garcia and Big Blackfoot Milling Company properties for a reasonable, time to enable us to get a line on the Northern Pacific.

Yours truly,

A. Williams
President.
